

CHOOSING YOUR MOTORHOME

Our RV's are type 'C' for 'Cab-Over' or 'T' for 'Truck'. We find them far more serviceable for the rental business than the old flat fronted, coach style 'A' bodies we used to rent many years ago which were always prone to chipped windscreens. Indeed there is more internal space in the type 'C' and the cab-over bed is a firm favourite among the youngsters!

Everything Cruise America rents is built specially for the rental market and while we cannot say things are totally indestructible, we make a very good effort to ensure that things like cupboard latches are secure, fabrics are durable, curtains are well secured and light-proof; our mattresses are easily cleaned, vinyl floors too. We are always striving to improve our RV's and work with the design team at one of the USA's major manufacturers to ensure we are as current in the RV marketplace as we can be.

All of our RV's have a refrigerator and freezer. They all have a hob and a microwave and cupboards for food storage in the kitchen area. All have a shower, basin and flush toilet. Waste water from the bathroom and kitchen goes into two on-board holding tanks when you are not hooked up to mains drainage at a campground.

All Cruise America vehicles come with power steering, power brakes and automatic transmission. If you drive a manual vehicle at home, it will take you seconds to get the hang of forgetting your left foot and just using the on/off pedals - the power and the brake.

From our own experience, the vehicle length has never been a problem - it just seems to follow you! Just be sure to make your turns wide. The vehicle width takes a little while to get used to, but by day two you will be driving your RV like a professional!

Perhaps if there are just two of you and you want, not just all the comforts, but also a motorhome that is easy to drive and park, as well as being economical, then you should choose the C19 or the T17. On the other hand if you are a family of 4 the C25 is ideal, or if you're a small party travelling for sometime, the C30 for all the extra storage and space.
